

What homeowners will pay

Typical residential customers who heat their homes with natural gas will see the following changes in their utility bills.

	Average monthly bill		Proposed increase	
	Current	Proposed	Monthly	Yearly
Gas	\$119.83	\$129.43	\$9.60	\$130
Electric	\$76.77	\$93.44	\$16.67	\$200
Total	\$196.60	\$222.87	\$26.27	\$330

NOTE: National Grid considers a typical residential customer one who uses 500 kilowatt hours of electricity a month and 922 therms of gas a year.
