YFM660F Grizzly 660 (2002-2008)

An action-packed series-starter perfect for fans of *The Heroine Complex* and *Not Your Sidekick*. "I didn't know how much I needed this brave, thrilling book until it rocked my world. *Dreadnought* is the superhero adventure we all need right now."—Charlie Jane Anders, author of *All the Birds in the Sky* Danny Tozer has a problem: she just inherited the powers of *Dreadnought*, the world's greatest superhero. Until *Dreadnought* fell out of the sky and died right in front of her, Danny was trying to keep people from finding out she's transgender. But before he expired, *Dreadnought* passed his mantle to her, and those secondhand

superpowers transformed Danny's body into what she's always thought it should be. Now there's no hiding that she's a girl. It should be the happiest time of her life, but Danny's first weeks finally living in a body that fits her are more difficult and complicated than she could have imagined. Between her father's dangerous obsession with "curing" her girlhood, her best friend suddenly acting like he's entitled to date her, and her fellow superheroes arguing over her place in their ranks, Danny feels like she's in over her head. She doesn't have time to adjust. Dreadnought's murderer—a cyborg named Utopia—still haunts the streets of New Port City, threatening destruction. If Danny can't sort through the confusion of coming out, master her powers, and stop Utopia in time, humanity faces extinction.

PW50 (1981-1983; 1985-1987; 1990-2002), PW80 (1983; 1985; 1991-2002), BW80 (1986-1988; 1990)

Best in Show is a collection of photographs of well-groomed and award-winning dogs by New York City-based photographer Dolly Faibyshev. The images from the Westminster Kennel Club Dog Show and beyond focus on the unique—and often humorous—relationship between each dog and their handler. Dolly Faibyshev focuses on kitsch, irony, and the larger than life human and canine characters that make up Best in Show. The result is a colorful, vibrant, campy, and satirical take on this specific slice of Americana. □ The colorful, closely cropped juxtapositions of each coiffed canine contestant and their dedicated human are both humorous and charming. □ Sure to delight fans of all breeds of dogs □ A universal and ideal book for all canine lovers with a sense of humor Best in Show captures a specific subculture of dog devotees primarily from the infamous Westminster Kennel Club Dog Show at Madison Square Garden in New York. □ A perfect book for anyone who is completely and totally obsessed with dogs and the Westminster Kennel Club Dog Show □ Photographers and contemporary art lovers will also love this celebration of Dolly Faibyshev's work □ Great for fans of *The Dogist: Photographic Encounters with 1,000 Dogs* by Elias Weiss Friedman, *Dogs* by Lewis Blackwell and Tim Flach, and *Underwater Dogs* by Seth Casteel

"Masterfully captures the largely forgotten saga of warrior queens through the ages . . . an epic filled with victory, defeat, and legendary women." —Patrick K. O'Donnell, bestselling author of *The Indispensables* History's killer queens come in all colors, ages, and leadership styles. Elizabeth Tudor and Golda Meir played the roles of high-stakes gamblers who studied maps with an unblinking, calculating eye. Angola's Queen Njinga was willing to shed (and occasionally drink) blood to establish a stable kingdom in an Africa ravaged by the slave trade. Caterina Sforza defended her Italian holdings with cannon and scimitar, and Indira Gandhi launched a war to solve a refugee crisis. From ancient Persia to modern-day Britain, the daunting thresholds these exceptional women had to cross—and the clever, sometimes violent ways in which they smashed obstacles in their paths—are evoked in vivid detail. The narrative sidles up to these war queens in the most dire, tumultuous moments of their reigns and examines the brilliant methods and maneuvers they each used to defend themselves and their people from enemy forces. Father-daughter duo Jonathan W. and Emily Anne Jordan extoll the extraordinary power and potential of women in history who walked through war's kiln and emerged from the other side—some burnished to greatness, others burned to cinders. All of them, legends. "Reminds us intelligently, entertainingly

and powerfully that strong-willed women have always been the equal—and very often the superior—of their male counterparts, even in the field historically most jealously reserved for men: warfare.” —Andrew Roberts, New York Times–bestselling author “This book should be required reading for anyone who loves history.” —James M. Scott, Pulitzer Prize finalist
