Create a New Binder.

A to Z GIS | Guide books

The terms in A to Z GIS are alphabetized letter by letter, according to lexicographical tradition. Spaces and hyphens between words are ignored. For example, baseline, basemap, and base station appear in that order. (A word by word alphabetization would place them in the following order: base station, baseline, basemap). The letter

How to use this dictionary

A Geographic Information System (GIS) is software that blends the power of a map with the power of a database to allow people to create, manage and analyse information, particularly information about location.

What is GIS Mapping? Geographic Information System Mapping
