Solution Manual for Absolute C++ 6th edition by Savitch ...

This, in fact, is a typical C/C++ idiom. While this is used, it can be confusing. Many instructors discourage its use, although some programmers do use it. Some compilers warn if an assignment expression is used as the Boolean expression in an if statement or within a loop. There is a way to get some further help at the cost of a little discipline. If the programmer will consistently write any ...
