~~Boating Forum - iboats Boating ...~~

Mercruiser's Alpha One outdrives have been around for over 25 years and have a proven history of being reliable when they are well maintained. Both the Alpha One "MR" and Alpha One Generation II are easy for owners to service with a few basic mechanical tools and a little effort. General maintenance includes servicing the propeller and shaft, changing the oil inside the unit and servicing the drive shaft.

Whether out for an afternoon's sail or embarking on a long offshore passage, there is always an element of chance and uncertainty about being at sea. To be responsible for the wellbeing of both crew and vessel, a good skipper needs to know their limitations and ensure they are operating well within the margins of safety. Safe Skipper is a practical and thought provoking guide for yacht skippers of all levels of experience, full of invaluable advice and tips on how to reduce to the minimum the risks of mishaps and equipment failure at sea. There's a wide

range of information on seamanship, preparation, seaworthiness, gear, boat handling, leadership, teamwork, watch keeping, communications, navigation, weather and emergency procedures, all delivered in a highly practical, lively, non-preachy fashion. Included throughout are useful checklists, box-outs and case studies of accidents and their causes, with survivors' testimonials and explanations of how disasters were avoided, or could have been, all of which provides valuable lessons for everyone who goes to sea.
