Black Marlin On Spinning Rod - Isla de Coiba, Panama. On this day, there was no apparent action anywhere to be seen around the island of Isla Coiba. Flat calm, no birds, no bait on the surface and not much to see on the sounder. We fished an area one mile off Isla de Coiba on the East side, close to the airstrip for a half hour, it's a ...

Black Marlin Caught On Spinning Rod - Isla Coiba, Panama

The largest of the 38 islands in the park is Isla Coiba, the site of a former prison. The isolation of the penal colony preserved the island's pristine habitat. Over three-quarters is still covered by ancient forest, offering thrilling hikes in search of a glimpse of some of the rare subspecies of animals endemic to Coiba Panama alone, including the Coiba Howler Monkey and Coiba Spinetail bird.

Explore the Unique Coiba National Park in Panama - Islas Secas

Located in the Gulf of Chiriquí, Coiba National Park is a marine reserve off Panama's Pacific coast. Coiba National Park (Nacional Parque Coiba) is comprised of a group of 38 islands including Coiba Island (Isla Coiba) and the waters surrounding them and covers 430,825 acres.

Coiba National Park, Panama

One of Panama's commonest and most conspicuous birds. Vireos, shrike-babblers, and erpornis [edit] Red-eyed vireo passes through in large numbers on migration.

List of birds of Panama - Wikipedia

Of the 996 bird species in Panama, 13 are endemic, meaning you can only find them in Panama. Another 105 ...

Birding Panama - Best Places for Bird Watching in Panama ...

Coiba has become a refuge for species that have largely disappeared from Panama including the Crested Eagle and Scarlet Macaw. Coiba National Park and its surrounding area combine the best of bird habitats: Primary and secondary rainforest, multiple mangrove forests, swamps, beaches and forest foothills. The different habitats lend to a variety of fun and varied tours for the bird enthusiast.

Panama Bird Watching Tours | Travel Panama | Isla Coiba

Even more impressive is that 21 species of birds are endemic to Isla Coiba and scientists are literally finding new species both on land and under water every year. Fortunately this dark moment in Panama's history has a silver lining as it was named a national park in 1992 and in 2005 was named a UNESCO World Heritage Site. That Coiba Island National Park consists of 38 islands in total, Coiba Island of course the largest and the main attraction, and covers an area of 270,125 hectares.

Coiba Island, Panama - Panama | Guatemala | Nicaragua

Enjoy an afternoon snorkel right from our own beach with the potential to see rays, sharks, turtles and puffer fish. Our camp is often visited by capuchin monkeys, herons, kingfishers and hummingbirds. Finish the day with a tasty meal, a beach-side fire and explore the unimpeded night sky.
