This is a new edition of the classic Dive  
textbook on marine protected area  
(MPA) management in the tropics,  
originally produced as an output of the  
Bali World Parks Congress in 1982.

Approaches to planning and managing  
MPAs have evolved considerably.  
Major advances include innovative

Where To Download Dive Navigator Hurghada And financing mechanisms, partnerships with the private sector and NGOs, and collaborative management between government and coastal communities. These advances have brought new approaches for MPA establishment and management that are more participatory, involving communities

Where To Download Dive Navigator Hurghada And  
through interaction and collaboration rather than prescription. With new case studies and illustrations, the guide comes in a water-resistant cover for field use. It is intended for those who plan individual and/or national MPA systems and gives philosophical context for MPAs along with some
