Global Justice (Stanford Encyclopedia of Philosophy)

In contrast, Rawls argues that when his method is applied to global justice, it supports a quite traditional, Kantian international ethics: duties of states to obey treaties and strict limits on warmaking, but no global repossession of private property. So, different justices apply to the domestic and international cases.

The rise of globalization and the persistence of global poverty are straining the territorial paradigm of human rights. This book asks if states possess extraterritorial obligations under existing international human rights law to respect and ensure economic, social and cultural rights and how far those duties extend. Taking a departure point in theory and practice, the book is the first of ...
