LEED certification has several rating
levels and requires USGBC

verification of sustainability measures
before certification is bestowed. There
are many reasons to consider the

Access Free Guidebook To The Leed Certification

sustainability of a new or existing building. We use huge amounts of energy to heat, cool, light, and ventilate the spaces we all work in, and trying to use less energy in these processes is a great way to save money on building operations and reduce our impact on the environment.
