Step 2: Find a second study for each topic. An important component of the IB Psychology essay rubric is “Use of research.” This means using studies to support the arguments and claims you’re making in your essay. Therefore, to score well in this section, it is advisable to prepare at least two studies for every topic. Since you already have one for the SAQs, you simply need to find a second one for the essays.

Paper 2 – Options – (SL – 1 hour, HL – 2 hours) The assessment for Paper 2 is a one-hour ERQ from a choice of 3 prompts for each of the options below. SL students answer one option (so the paper is one hour) while HL students will answer 2 options and thus take 2 hours. Like Paper 1, each ERQ response is worth 22 marks and is assessed using the same rubric.

Massive changes are taking place in society surrounding the delivery of information to individuals and the way they process this information. At work, at home, and in schools, the Internet and the World Wide Web are altering the individual's work, his leisure time, her workplace, and their educational environments. All of these changes and their consequences have traditionally been investigated largely within the domain of sociology, semiotics, mass

communication, and computer science. The perspective from cognitive psychology has been lacking. The purpose of this volume is to fill this gap. The focus of the book is the cognitive effects of the modern digital environment. In addition, questions are raised about what cognitive conditions must exist for adequately processing information in multimedia environments. Internet use routinely involves the exchange of factual information but also a large amount of information with an interpersonal character is communicated. A socio-psychological perspective is

needed to understand both kinds of communication, also to be able to design appropriate support tools. In *Cognition in a Digital World*, the emphasis is on the psychological analysis of interactive and continuing communication and discourse, rather than on the technical aspects of the individual's interaction at the interface. The three main themes of this volume are: *conditions and consequences of multimedia information processing by the individual; *socio-psychological characteristics of information transfer over the World Wide Web; and
