how are individual words integrated into language?
What are the real benefits of studying the large quantities of text now available in corpora? How do we best conceptualize meaning itself? >

Time to gird the loins and pucker up. Blimey O'Reilly's trousers! When Georgia embraced being the girlfriend of a Rock Legend/Luurve God, she thought that was the end of her lovenosity woes. As usual, Georgia is the last to know what she is talking about. Now there's the small matter of a snogging accident involving her matey-type mate Dave the Laugh and some toasted newts in her undercrackers. Can Georgia lock up her red bottom and throw away the key?

Presents a concise survey of lexicology. This book surveys the study of words, providing an overview of basic issues in defining and understanding the word as a unit of language. It also examines the history of lexicology, the evolution of dictionaries and developments in the field. It is of interest to undergraduate students of linguistics.
