From Wikipedia, the free encyclopedia
To Die For is an American novel by Linda Howard. It was published in 2004 by Random House Publishing. It made the New York York Times Best Seller list.

To Die For (novel) — **Wikipedia**

Linda Howardin varhaiselle tuotannolle on tyypillistä vauhdikas tilannekehittely, kiihkeä romanttisuus ja aika yksioikoiset sankarit. Toisaalta sarjaromantiikassa henkilöiden ominaisuudet on aika tiukasti määritelty. 2000 -luvun kirjoissa teemaa on laajennettu. Cry no more (Spåröst försvunnen) käsittelee vauvojen sieppausta.

Jina Modell works in Communications for a paramilitary organization, and she really likes it. She likes the money, she likes the coolness factor—and it was very cool, even for Washington, DC. She liked being able to kick terrorist butts without ever leaving the climate-controlled comfort of the control room. But when Jina displays a really high aptitude for spatial awareness and action, she’s reassigned to work as an on-site drone operator in the field with one of the G0-teams, an elite paramilitary unit. The only problem is she isn’t particularly athletic, to put it mildly, and in order to be fit for the field, she has to learn how to run and swim for miles, jump out of a plane, shoot a gun...or else be out of a job. Team leader Levi, call sign Ace, doesn’t have much confidence in Jina—who he dubbed Babe as soon as he heard her raspy, sexy voice—making it through the rigors of training. The last thing he needs is some tech geek holding them back from completing a dangerous, covert operation. In the following months, however, no one is more surprised than he when Babe, who hates to sweat, begins to thrive in her new environment, displaying a grit and courage that wins her the admiration of her hardened, battle-worn teammates. What’s even more surprising is that the usually very disciplined G0-team leader can’t stop thinking about kissing her smart, stubborn mouth...or the building chemistry and tension between them. Meanwhile, a powerful Congressman is working behind the scenes to destroy the G0-teams, and a trap is set to ambush Levi’s squad in Syria. While the rest of the operatives set off on their mission, Jina remains at the base to control the surveillance drone, when the base is suddenly attacked with explosives. Thought dead by her comrades, Jina escapes to the desert where, brutally tested beyond measure, she has to figure out how to stay undetected by the enemy and make it to her crew in time before they’re exfiltrated out of the country. But Levi never leaves a soldier behind, especially the brave woman he’s fallen for. He’s bringing back the woman they left behind, dead or alive.

An autobiography by the original "shock jock" shares his observations on politics, current affairs, women, and the entertainment business

The author presents his provocative and controversial views on life, love, politics, celebrities, sexual obsessions, and other topics

In the first novel of this steamy contemporary Western romance series by two blockbuster authors, a cowboy and a woman on the run take a stand and fight for love. Carlin Reed lives in fear, off the grid, moving from place to place. So Battle Ridge, Wyoming, a small town in the middle of nowhere, seems like a good place to lie low for a while. But after becoming cook and housekeeper to cattle rancher Zeke Decker, Carlin suspects that she’s made her first mistake. Rugged, sexy, and too distracting for his own good, Zeke is pure temptation mixed with something deep and primal that makes Carlin feel almost safe. Soon things are getting way too hot in the kitchen. Zeke doesn’t challenge Carlin’s terms: cash, dead bolts, and no questions. It is easy to see that she’s a woman in trouble. Problem is, he’s so blindsided by his attraction to her he can’t think straight. Zeke tries to stay all business, no complications—but that game plan is sabotaged the second Carlin gets under his skin. And when her terrifying past follows her to the ranch, Carlin faces a heartbreaking choice: run away from the man she loves, or put him in the crosshairs of a madman.

Danger brings together two guarded hearts in a battle for survival in this irresistible story from New York Times bestselling authors Linda Howard and Linda Jones. Sela Gordon, the shy owner of a Tennessee general store, finds safety in solitude. But if anyone can pierce her protective shell it’s the handsome, mysterious ex-military man living alone in the wilds of Cove Mountain. For two years, he’s kept his distance—until the day he appears to warn her that a catastrophic solar storm capable of taking down the power grid is coming. Now, Sela must find the courage to become the leader Wears Valley needs. Bitter experience has taught Ben Jernigan it’s best to look out for number one. For two years the former soldier has lived in a self-imposed exile, using a top-notch security system to keep people away. But he had to let Sela know about the impending threat—and now the quiet and undeniably sexy woman is making it too easy for him to lower his guard. As panic spreads, Sela and Ben discover that in the dark, cut off from the outside world, there’s no more playing it safe—in life or in love.

This American classic has been corrected from the original manuscripts and indexed, featuring historic photographs and an extensive biographical afterword.

The winner of the Man Booker Prize, this "expertly written, perfectly constructed" bestseller (The Guardian) is now a Starz miniseries. It is 1866, and Walter Moody has come to stake his claim in New Zealand's booming gold rush. On the stormy night of his arrival, he stumbles across a tense gathering of 12 local men who have met in secret to discuss a series of unexplained events: a wealthy man has vanished, a prostitute has tried to end her life, and an enormous cache of gold has been discovered in the home of a luckless drunk. Moody is soon drawn into a network of fates and fortunes that is as complex and exquisitely ornate as the night sky. Richly evoking a mid-nineteenth-century world of shipping, banking, and gold rush boom and bust, The Luminaries is at once a fiendishly clever ghost story, a gripping page-turner, and a thrilling novelistic achievement. It richly confirms that Eleanor Catton is one of the brightest stars in the international literary firmament.

She was a dead ringer. Now she’s just dead. . . . Blair Mallory lives the good life. She’s pretty, confident, and the owner of a thriving up-scale fitness center. But in the shadow of success, a troubled member of the club develops a strange fixation on Blair, imitating her style and dress. Matters take a darker turn when the look-alike is shot dead—and Blair witnesses the horror. As the media speculates on the tawdry details of the homicide and pushes Blair into the harsh spotlight, she locks horns with police lieutenant Wyatt Bloodsworth. He wants to lead an investigation without interference, while Blair is determined to probe the dead woman’s life on her own. But when someone begins to menace Blair with mounting threats, Wyatt takes notice: Was this murder indeed a lethal case of mistaken identity—and was Blair the intended victim?

President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America’s foremost deal-maker. “I like thinking big. I always have. To me it’s very simple: If you’re going to be thinking anyway, you might as well think big.”—Donald J. Trump Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker’s art. And throughout, Trump talks—really talks—about how he does it. Trump: The Art of the Deal is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for Trump: The Art of the Deal “Trump makes one believe for a moment in the American dream again.”—The New York Times “Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet.”—Chicago Tribune “Fascinating . . . wholly absorbing . . . conveys Trump’s larger-than-life demeanor so vibrantly that the reader’s attention is instantly and fully claimed.”—Boston Herald “A chatty, generous, chutzpa-filled autobiography.”—New York Post

The spectacular bestseller from the author of VALLEY OF THE DOLLS. Once upon a time, the entertainment industry was a world that never slept. Magazine editors, models, pop stars and all the rest visited “vitamin doctors” to get the shots that would allow them to stay up all night and then work all day—in offices decorated with beanbag chairs and Calderesque mobiles. In this world, January Wayne goes from poor-little-rich-girl to grown-up swinger, as she searches New York and Los Angeles for a guy just like Mike Wayne, the glamorous movie producer, who also happens to be her father. “SPECTACULARLY SUCCESSFUL. There are plane crashes, drug orgies, motorcycle accidents, mass rapes, attempted abortions, suicide, evil doctors and other assorted activities; and I couldn’t put the damned thing down.” —Library Journal “[Susann’s] pulp poetry resonates to this day. WITH HER FORMULA OF SEX, DRUGS, AND SHOW BUSINESS, Susann didn’t so much capture the tenor of her times as she did predict the Zeitgeist of ours.”—Detour
