With the proven formula that EMOTIONS ARE THE POWER BEHIND our thoughts and actions, comes on the heels of the highly recognized self-help DVD titled The Secret by Rhonda Byrne that proclaims thoughts are our power, as opposed to the emphasis being on that of emotions. The Secret along with many other notable self-help books are helping a lot of people and yet, according to Neil Fiore, PhD, a Berkeley, Calif.-based psychologist "It can cause people greater stress by worrying if they're causing cancer by having the wrong thoughts and emotions." Karen LaVoie, author of Life ABSOLUTES agrees with the aforementioned statement.This is one of the factors that sets her book apart from other self-help books. Life ABSOLUTES gives the complete formula for life to everyone willing to apply it, and live itlife long commitment. What this book offers is not a quick fix solution or sweep your emotions, thoughts or troubles under the carpet and pretend they do not exist. Instead, it gives the reader the ability to powerfully and quickly acknowledge them, gain greater wisdom from every life situation, by finding the positive in the situation while turning it into an opportunity for mastery. This program is about accountability and taking charge once and for all how one chooses to react to persons, places, situations, things and opportunities, eventually removing them permanently from their life.The corner stone to Life ABSOLUTES is the understanding that a persons emotions are 4 times more powerful than their thoughts. So once a person starts acknowledging his or her emotions and gaining mastery over them, his or her thoughts and actions follow in suit. When a persons emotions are positive, the thoughts and actions are the same. Thus, creating, manifesting and or attracting a positive outcome. Everyone is accountable for their choicestheir emotions, thoughts and actions. And our choices start with our emotions. NOT our thoughts. The quote so overly used for many years has been, As a man thinketh, so is he. The quote actually reads as follows, As a man thinketh in his heart, so is he depending on the bible you use as your source. The valuable word heart was used to provide this useful truth. Our emotions are our power. Life ABSOLUTES, clearly, precisely and simply gives examples and drawings explaining the Law of Attraction.Like Attracts Like. So the reader understands their accountability to life in a guilt free way and yet, is still accountable to all life. Be Selfless. NOT the gratification of the quick fix, the EGOME, ME, ME. All life. We are all of one enegy. The Law of Life is put forth in great detail in this book: Energy qualified with emotions (through our attention: sight, touch, smell, taste and hearing) triggers thoughts, which triggers actions, which equals an outcome, is one a person must apply, live and BE should they want positive results outpictured in their life. The law of attraction is not about one just sitting and visualizing money and money falls out of the sky, one must be in service to life. However, visualization is very important. There is an entire chapter dedicated to this truth. Life ABSOLUTES is a perfect blend of quantum physics in action and spiritual awareness that we are not an island. Whether you believe in God, higher beings or the big bang theory, this book is for you. It is masterfully balanced. Truthful. Honest and fluff-free. While being practical, conversational, inspiring and evoking a few laughs. This book covers mastery of: personal self, professional self, taking charge of ones well-being while creating more successes whether they be emotional or tangible. Whether they be financial, personal, professional or spiritual. This instruction manual for life works for anyone and eveyone seeking a more joyful, harmonious, abundant, stress free and blessed life. About the Author. The formula put forth in this book saved her life.

Whenever a new baby is born, someone usually says, "Good luck with your kid, because he doesn't come with an instruction manual!" Well, Kerri Yarsley, a successful mother of four, is about to change all that. The Instruction Manual for Kids - Parent's Edition is an eminently readable, informative, and entertaining book that takes the reader on a journey from pre-pregnancy preparation all the way through to the late teenage years. It covers the basics as well as some interesting behavioral perspectives that you might not expect in a parenting book. So whether you have one or many kids, be prepared to change your thoughts, words, and actions, and have a brilliant and joyful life with your amazing kids. The definitive introduction to game theory This comprehensive textbook introduces readers to the principal ideas and applications of game theory, in a style that combines rigor with accessibility. Steven Tadelis begins with a concise description of rational decision making, and goes on to discuss strategic and extensive form games with complete information, Bayesian games, and extensive form games with imperfect information. He covers a host of topics, including multistage and repeated games, bargaining theory, auctions, rent-seeking games, mechanism design, signaling games, reputation building, and information transmission games. Unlike other books on game theory, this one begins with the idea of rationality and explores its implications for multiperson decision problems through concepts like dominated strategies and rationalizability. Only then does it present the subject of Nash equilibrium and its derivatives. Game Theory is the ideal textbook for advanced undergraduate and beginning graduate students. Throughout, concepts and methods are explained using real-world examples backed by precise analytic material. The book features many important applications to economics and political science, as well as numerous exercises that focus on how to formalize informal situations and then analyze them. Introduces the core ideas and applications of game theory Covers static and dynamic games, with complete and incomplete information Features a variety of examples, applications, and exercises Topics include repeated games, bargaining, auctions, signaling, reputation, and information transmission Ideal for advanced undergraduate and beginning graduate students Complete solutions available to teachers and selected solutions available to students

Why we don't see the outpouring Jesus did? How do we build a correct church? You cannot have the church of the book of Acts without the Apostles of Matthew, Mark, Luke, and John. The reason Acts "works" is people were disciplined in the ways of the Kingdom, revelation was tapped into, the Spirit was outpoured, and based on that, God was pleased to move among them. Without the Gospels, you have a form with no power, a body with no heart, a fireplace with no flames. What is the thing that the gates of hell cannot overcome? The revelation of Jesus Christ. The way of the Kingdom. The truth of Who He was. The Life that can only flow from that proper relationship. Many people are talking about "Kingdom mindedness" with little understanding of it. The Kingdom is an everlasting Kingdom, an eternal one, that, like the Chariots surrounding Elijah, were by nature spiritual but produced miraculous results on Earth. As it is said, we are to rule the visible world from the invisible one. It is only when we give up the soul-based life for the view of the true spirit-filled life that we are able to be a torch and a flame. We must get correct heart understanding which produces correct language regarding faith, Kingdom, and the Spirit if we are to do more than simply touch the things of heaven but live and operate amongst them.

Imagine a better way, perhaps the most implausible way, that God might use today to transform His people and His church, and as a result, truly change our culture. A Better Way, by author David Zachariah Glover, introduces PURE ministry and compels us to view all people differently by awakening the average Christian to the blessings and contributions of people with disabilities, PURE people, to the church and the community. Inspired by the brief journey with his grandson, Glover founded PURE Ministries to challenge Christians to see and listen to the needs of PURE people and their families in their daily lives and make them aware of ministry opportunities. He seeks to inspire Christians to learn how they can be involved and blessed and to equip them to act in their communities through their churches. A Better Way begins with the story of how God used a little boy, someone whom this world would not consider of much value, to change this Granddad and lead him to start the PURE movement. A Better Way provides a scriptural foundation on which PURE ministry can be built and presents practical information and suggestions on how we can lovingly relate and reach out to PURE people and their families. Glover shows us A Better Way is truly where least is most and is evidenced in real, enduring transformation of us and His church.
