For schools who want an indication of the likely percentage of students at grade 4-4 in combined science, we suggest a reasonable indication would be the percentage of students that, in previous...

Grading the new GCSE science qualifications - The Ofqual blog

This year could see a big spike in the number of higher grades awarded, as GCSEs will be based on teachers' predicted grades rather than through exams sat by pupils.

GCSEs 2020: The 9-1 grading system explained - BBC News

The Middle Years Programme (MYP) sciences framework encourages students to investigate issues through research, observation and experimentation, working independently and collaboratively. As they investigate real examples of science application, students will discover the tensions and dependencies between science and morality, ethics, culture, economics, politics, and the environment.
