Dear Mr. Cardi:

I have on at least five different occasions signed (minority and female participation) agreements with Cardi Corporation to perform certain services at different locations. I have since learned that the work has been completed (airport job), and I was not called upon to perform as per the agreements.

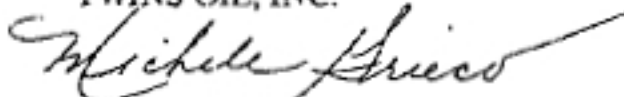

Obviously, I am somewhat concerned, and I would like to know who fulfilled the requirements as a minority of those jobs.

The contracts that I am concerned about are Contract Nos. ~~9858~~, 9871, 9909, 9930 and 9983.

I would appreciate hearing from you within the next week.

Very truly yours,

TWINS OIL, INC.
